

CHIEF COMPLAINT

Seasonal nasal congestion and itchy eyes.

HISTORY

The synthetic patient arrives for a routine visit. The note follows the same template as other pages in this file, but the details are intentionally different so it should be treated as similar medical-looking content, not a duplicate.

VITALS

T 36.9 C; HR 68; BP 112/70; RR 12; SpO2 99 percent.

EXAM

General appearance: comfortable. Cardiovascular: regular rhythm. Respiratory: clear to auscultation. Abdomen: non-tender. Neurologic: alert and oriented in this fictional note.

ASSESSMENT

Synthetic assessment: seasonal allergic rhinitis.

PLAN

Mock plan includes saline spray, pollen avoidance education, and fictional follow-up.

CHIEF COMPLAINT

Intermittent knee stiffness after recreational exercise.

HISTORY

The synthetic patient arrives for a routine visit. The note follows the same template as other pages in this file, but the details are intentionally different so it should be treated as similar medical-looking content, not a duplicate.

VITALS

T 36.6 C; HR 74; BP 124/76; RR 14; SpO2 98 percent.

EXAM

General appearance: comfortable. Cardiovascular: regular rhythm. Respiratory: clear to auscultation. Abdomen: non-tender. Neurologic: alert and oriented in this fictional note.

ASSESSMENT

Synthetic assessment: overuse knee discomfort.

PLAN

Mock plan includes activity pacing, stretching handout code SYN-KNEE-1, and follow-up if persistent.

CHIEF COMPLAINT

Medication refill request for a mock chronic condition list.

HISTORY

The synthetic patient arrives for a routine visit. The note follows the same template as other pages in this file, but the details are intentionally different so it should be treated as similar medical-looking content, not a duplicate.

VITALS

T 37.0 C; HR 80; BP 130/82; RR 16; SpO2 97 percent.

EXAM

General appearance: comfortable. Cardiovascular: regular rhythm. Respiratory: clear to auscultation. Abdomen: non-tender. Neurologic: alert and oriented in this fictional note.

ASSESSMENT

Synthetic assessment: stable mock medication management visit.

PLAN

Mock plan includes fictional lab monitoring date and placeholder refill information.
