

Nursing Intake Scan - Synthetic

IMAGE ONLY

Patient: Synthetic Patient J MRN: SYN-0010 Encounter: 2026-04-25 Doc: NUR-J-019

NURSING INTAKE

Synthetic intake notes are rendered only as pixels. The PDF intentionally has no embedded text layer, so OCR systems must read the page image.

SCREENING FIELDS

Fall risk: mock low. Pain score: 1/10. Mobility: independent in this fictional record. Preferred pharmacy: Demo Pharmacy 000.

FREE TEXT NOTE

Patient states that the example symptom is improving. This sentence is present only inside the raster image.

Referral Scan - Synthetic

IMAGE ONLY

Patient: Synthetic Patient K MRN: SYN-0011 Encounter: 2026-04-26 Doc: REF-K-021

REFERRAL FORM

Synthetic referral for a demo wellness visit. Reason: document-processing example. Priority: routine. Insurance: not applicable.

CLINICAL QUESTION

Please review the mock history and provide a placeholder scheduling recommendation. This content is not medical advice.

ATTACHMENTS

None. The check boxes and lines are part of the image, not PDF form fields.
