

REFERRAL REASON

Fictional balance training after a mock sprain history. This page is not a duplicate of any other page.

FUNCTIONAL ASSESSMENT

Gait speed 1.2 m/s in a synthetic entry. Sit-to-stand test: 12 seconds. No real evaluation is represented.

PLAN

Demo exercises, fictional home program code PT-SYN-17, and mock reassessment date.

REASON FOR VISIT

Synthetic counseling for meal-planning education unrelated to other pages.

ASSESSMENT

Mock diet recall includes oatmeal, soup, and fruit. No real nutrition guidance is intended.

PLAN

Placeholder education handout and fictional follow-up call.

SCREENING SUMMARY

Synthetic vision screening template with unique values: right 20/25, left 20/30, color plates mock-pass.

EXAM TEXT

External exam normal in fictional note. Pupils equal. Fundus field contains placeholder text only.

DISPOSITION

Routine mock recheck in one year. No real clinical recommendation.

DOCUMENT TYPE

This is an administrative-looking control page with no meaningful overlap to clinical note bodies.

INDEX ENTRIES

Consent packet A, privacy notice B, communication preference C. All entries are synthetic.

ROUTING

Store in demo archive under negative-control group.
